

TOPEX Automation Acceptance Test

Test: ORF generation	Test Version: 1.0A
Subsystem:	Date: 6/12/2002
Tester: Sara Schoenbaechler	

Test Status:

Test Passes ?	Test Fails ?	Work around exists ?	Cosmetic Error ?
----------------------	---------------------	-----------------------------	-------------------------

Test Description:

**ORF file for the week was created and values are correct.
However, this file was not appended to either of the master files.
Also, ORF "log" file in OK directory does not list input p-file or
namelist.**

TOPEX Automation Acceptance Test

Test: ORF generation	Test Version: 1.0A
Subsystem:	Date: 6/19/2002
Tester: Sara Schoenbaechler	

Test Status:

Test Passes ?	Test Fails ?	Work around exists ?	Cosmetic Error ?
----------------------	---------------------	-----------------------------	-------------------------

Test Description:

ORF file for the week was created. Most values are correct, but some times are off by a fraction of a second.
This file still was not appended to either of the master files.

TOPEX Automation Acceptance Test

Test: ORF generation	Test Version: 1.0A
Subsystem:	Date: 6/26/2002
Tester: Sara Schoenbaechler	

Test Status:

Test Passes ?	Test Fails ?	Work around exists ?	Cosmetic Error ?
----------------------	---------------------	-----------------------------	-------------------------

Test Description:

ORF file for the week was created. Most values are correct, but some times are off by a fraction of a second and some longitudes are off by a fraction of a degree. I think this is because in the manual ORF, I used yesterday's SMA since today's arc was only a day long, while the automation used today's SMA.

This file still was not appended to either of the master files.

TOPEX Automation Acceptance Test

Test: ORF generation	Test Version: 1.0A
Subsystem:	Date: 7/10/2002
Tester: Sara Schoenbaechler	

Test Status:

Test Passes ?	Test Fails ?	Work around exists ?	Cosmetic Error ?
----------------------	---------------------	-----------------------------	-------------------------

Test Description:

**ORF file for the week was created and values are correct.
This file still was not appended to either of the master files.**

Test: ORF generation	Test Version: 1.0A
Subsystem:	Date: 7/17/2002
Tester: Sara Schoenbaechler	

Test Status:

Test Passes ?	Test Fails ?	Work around exists ?	Cosmetic Error ?
----------------------	---------------------	-----------------------------	-------------------------

Test Description:

**ORF file for the week was created and values are correct.
This file still was not appended to either of the master files.**

TOPEX Automation Acceptance Test

Test: ORF generation	Test Version: 1.0A
Subsystem:	Date: 7/24/2002
Tester: Sara Schoenbaechler	

Test Status:

Test Passes ?	Test Fails ?	Work around exists ?	Cosmetic Error ?
----------------------	---------------------	-----------------------------	-------------------------

Test Description:

**ORF file for the week was created and values are correct.
This file still was not appended to either of the master files.**

TOPEX Automation Acceptance Test

Test: ORF generation	Test Version: 1.0A
Subsystem:	Date: 7/31/2002
Tester: Sara Schoenbaechler	

Test Status:

Test Passes ?	Test Fails ?	Work around exists ?	Cosmetic Error ?
----------------------	---------------------	-----------------------------	-------------------------

Test Description:

ORF file for the week was created and values are correct.

This file was correctly appended to both master files and all values are correct.
